France

SKILLS :

Languages:

English: Fluent, spoken and
written (C2)

Spanish: Fluent, spoken and
written (C2)

Persian: Fluent spoken, written
(INALCO L2 – L3 2019-2020)

Advanced learning of written
Persian

Software:

Microsoft Office

GIS Software (ArcGIS)

Adobe Illustrator

Remote Sensing Software

January – April 2016: Panama

Master 2 Fieldwork: Geography of Innovation Centralities in Panama City, Panama, under the supervision of Mr. Philippe Cadène and Mr. Laurent Faret. Grade: Bien (Good)

February – April 2015: Tanzania

Master 1 Fieldwork: Study of a Development Corridor between Dar es Salaam and the Tanzanian-Zambian border, under the supervision of Mr. Philippe Cadène and Mrs. Marianne Morange. Grade: Très Bien (Very Good)

EXPERIENCES

Since June 2024 - Present: Postdoctoral Researcher, Université de Paris-Saclay (ESE Laboratory, TESS Team)

Research as part of a European project: "AWARD: Alternative Water Resources Deliberation processes to renew water supply strategic planning". 14 Partners - 7 countries - 4 Demo Cases: Bucharest, Cyprus, Milan, and Santiago de Compostela. AWARD Grant agreement ID: 101136987 Total cost €3,690,612.50

- Collaboration with project partners and institutional, political, scientific, private, and non-institutional stakeholders.
- Analysis of water management policies in Bucharest, Cyprus, Milan, and Santiago de Compostela. Remote and field studies.
- Study of socio-environmental issues related to water resources.
- Identification of different fields of knowledge and their limits for decision-making.
- Organization of workshops with institutional, political, economic, and social stakeholders.
- Development of prospective scenarios for the management of unconventional water resources.

September 2023 - June 2024: Temporary Teaching and Research Attaché, Université de Poitiers, Department of Geography (192 hours)

October 2017 - March 2024: Doctoral Research, School of Advanced Studies in the Social Sciences (EHESS)

- Strengthening of the interdisciplinary approach: Sociology, Political Ecology, Critical and Political Geography.
- Learning Persian.
- Construction and transformation of research.
- Development of cooperation with the Department of Geography at the University of Tehran.
- Hosting and Mobility Grant from the French Institute of Research in Iran (IFRI), 2018.
- Fieldwork Grant from the Center for Turkish, Ottoman, Balkan, and Central Asian Studies (CETOBaC), 2021-2022.
- Cooperation with UNAM (Mexico).
- Participation in academic activities.
- Research work in Iran (2018 and 2019) and Mexico (2021-2022).

DIPLOMAS

- **PhD in Geography from the School of Advanced Studies in the Social Sciences (EHESS).** Obtained on March 14, 2024. Thesis: "From Air Governance to Socio-Urban Transformations in Tehran and Mexico City." Supervised by Ms. Marie Ladier-Fouladi (CNRS) and Mr. Alain Musset (EHESS) at the CETOBaC (Center for Turkish, Ottoman, Balkan, and Central Asian Studies).

Keywords: political geography of the environment, pollution, inequalities, center-periphery relations, public health, urban sociology, Iran, Mexico

Jury: Virginie Baby-Collin, Hamit Bozarslan, Eric Denis, Marie Ladier-Fouladi, Patrice Melé, and Alain Musset

- **Master's in Geography** of Emerging and Developing Countries, 2014 – 2016, Université Paris Diderot
- **Bachelor's in Geography and Urban Planning**, 2011-2014, Université Paris 4 Sorbonne. Semester (5 months) at Sorbonne University Abu Dhabi (UAE)
- Scientific High School Diploma, 2011.

TEACHING EXPERIENCES

Years	Course Title	University	Level	Hours
2020-2021	Building the Critique of Development (Difficult and Impossible Fields)	Paris 1 – EHESS (guest lecture)	Master 2	2h Lecture
2022-2023	Geopolitics of the Near and Middle East, Master in Geopolitics	Reims	Master 2	14h (7h Lecture - 7h Seminar)
2022-2023	Construction, Evolution, and Transformation of Doctoral Research in Geography	Tours, Master in Geography	Master 2	4h Lecture
2024-2025	Participation in the seminar "City and Environment"	Institut d'Urbanisme de Paris (International Expertise program)	Master	3h Seminar

2023-2024	Full-time Temporary Teaching and Research Assistant	University of Poitiers, Department of Geography	192h TD
<p><u>Introduction to cities and urban issues in the World:</u></p> <p>Introduction to cities and the main urban forms and how they are changing around the world. Present the main geographical tools for understanding and analysing urban areas in the north and south. Discuss cities, their development and their relationship with rural areas. Introduce the social, political, economic, cultural and environmental dimensions and challenges of cities.</p>		L1	12h Lecture
<p><u>Urban Morphologies and Societies</u></p> <p>Questioning the forms and relationships between the tangible and intangible dimensions of the city. Reflect on the time scales of the city and urban societies. Work with students using cartographic and photographic documents, texts and videos. Home reading and class discussion.</p>		L1	24h Seminar
<p><u>Territorial Planning in France</u></p> <p>Introduction and practical work on the evolution of spatial planning thinking and policies. From major developments and the central role of the State and regional planning policies to the tools put in place at regional, inter-municipal and local level. The changing role of the State. New challenges and new directions linked to adaptation to climate change and the ecological transition.</p>		L2	24h Seminar

2023-
2024 Full-time Temporary Teaching and Research Assistant

University of
Poitiers,
Department of
Geography

192h TD

Urban Policies and Governance

Reflections and work on the city, the polis, urbanity, the urban and its management. Reading and use of H el ene Reigner's 'Dictionnaire critique de la ville mobile, verte et s ure' to discuss new words, discourses and policies on the city. Work on the evolution of the Aix-Marseille metropolis (transformation of city centres, port activities, metropolitan dynamics, the "creative economy" and culture, segregation, multi-scalar governance, etc.).

L2 24h Seminar

Agriculture, Environment, and Landscape

Based on numerous case studies, work on agricultural activities and their relationship with environmental issues and landscapes. The role of different types of agriculture and organisations in shaping landscapes. Heritage and changes in activities and landscapes. Use of cartographic and photographic documents and a documentary (Grand prix du paysage 2016).

L2 24h Seminar

Urban-Rural Relations

Lectures: I presented the evolution over time of town-country relations (in France and around the world). The aim of the course was to go beyond the fragmentation of spatial categories and examine the economic, political and cultural relationships between towns and the countryside.

Seminars: Presentation and work: from spatial theories on centre-periphery relations to empirical studies (Toulouse bourgeoisie and land ownership in the 19th century, transformations in Lagos (Nigeria), peri-urbanisation, new urban struggles, etc.), rural gentrification, etc.

L3 10h Lecture and 8h Seminar

Cultural Geography

History and epistemology of cultural geography. The individual and collective dimensions of culture. Geography and anthropology. The spaces of cultural geography. Objects, approaches and methods for approaching the world, territories, societies and representations. Spatial and methodological overview of contemporary cultural geography research and practice.

L3 9h Lecture

Environment Studies (for Candidates to the National Teacher recruitment competition CAPES)

Preparatory courses for the secondary education entrance examinations (CAPES) organised in 3-hour lectures: Cities and the environment; Environment, migration and societies; Environment and inequalities; Transformations of productive systems and environmental issues; Socio-environmental issues in the South.

M1
MEEF 15h Lecture

2023-2024 Full-time Temporary Teaching and Research Assistant	University of Poitiers, Department of Geography	192h TD
<p><u>French Coastlines Studies</u> (for Candidates to the National Teacher recruitment competition CAPES)</p> <p>Preparatory courses for the secondary school competitive examination (CAPES) organised in 3-hour lectures: Geohistory of the French coastline; Maritime frontages, maritimisation of the economy and coastal development; Seas and coastlines: areas of tension and cooperation; Coastal pollution and risk management in France.</p>		M1 MEEF 12h Lecture
<p><u>Borders Studies</u> (for Candidates to the National Teacher recruitment competition CAPES).</p> <p>Organisation and supervision of preparation for the orals of the secondary teaching competitive examination (CAPES). 3 sessions of 3 hours each with a specific theme to address 'borders'. Students had to develop a personal presentation lasting around thirty minutes, followed by questions lasting twenty to thirty minutes.</p>		M2 MEEF 9h Tutorial

SUPERVISORY EXPERIENCE

2022-2023 | Research Master Thesis : "Iran's Hegemonic Strategy in the Middle East: The Example of the Persian Gulf," Owen Berthevas, M1 in Geopolitics, Université de Reims, co-supervised with Manon-Nour Tannous.

PUBLICATIONS

Peer-Reviewed Journal Publications :

- Deladerrière, Loup (2022), "How to Understand Urban Societies Through the Environmental Crisis of Air Pollution? The Case of Tehran and Mexico City," *Revue Riséo, Journal of CERDACC*, May 2022, Special Issue "Crises and Spaces," pp. 89-102.
- Deladerrière, Loup (2026), "A Comparative Look at Air Quality Management in Two Megacity-Capitals: The Case of Tehran and Mexico City," *Revue Géocarrefour*.
- Jean-Marc Douguet, Sofia Perez and Loup Deladerrière (forthcoming), "Construction of a vulnerability assessment in a heritage approach", *Ecological Economy*.

Book Chapter:

- Deladerrière, Loup (forthcoming), A Theoretical Example of Governance Issues: Air Quality in Megacities. In G. E. Yildirim (Ed.), *Understanding Local Governance in Turkey*, Routledge (Middle Eastern Politics).

COMMUNICATIONS

Conference Presentations and Seminars :

- ANR GlobalSmog, "Air Pollution Governance in Tehran," April 16, 2025.
- International Congress of the UGI - IGU 2022 (International Geographical Union), July 18-22, 2022. Presentations at the sessions:
 1. Health and Environment in the Tropical Regions: "From Environmental Epidemiology to Urban Changes: Comparison Between Air Pollution Policies and Their Socio-Spatial Issues in Tehran and Mexico City."
 2. The Climate Neutrality of Individual Transport: What Territorial Organizations? "Environmental Policies Against Air Pollution in Tehran and Mexico City: From the Integration of Individual Mobility Issues to the Evolution of Socio-Spatial Challenges."
- Doctoral Study Day "Crises and Spaces," TVES Laboratory (Université de Lille and ULCO). "How to Understand Urban Societies Through the Environmental Crisis of Air Pollution? The Case of Tehran and Mexico City," June 2021.
- Presentation at Journées Doctoriales (IHEAL), January 2021.
- Presentation at the Study Day "Making the City: Thinking and Representing Urban Change," Université de Lyon and ENSA de Saint Etienne, March 2020, postponed to October 2020.
- Presentation at the IIAC Doctoral Seminar, November 21, 2019, "Urban Transformations in Tehran."
- Presentation at the Doctoral Day of the Universities of Poitiers and Tours (laboratories RURALITES and CITERES): Democracy and Territory(s), July 5, 2019.

SCIENTIFIC AND ADMINISTRATIVE RESPONSABILITIES

- Member of the organizing committee for the doctoral study days: Critical Perspectives on Development, Campus Condorcet, November 3-4, 2022.
- Participation in establishing cooperation between the Ecologie, Société, Evolution Laboratory (Université Paris-Saclay) and the Faculty of Environment, Science, and Economy (University of Exeter). Visit, presentations, and meetings at the University of Exeter in July 2025.
